

# Build a Healthier Workforce

CareATC, Inc., is a leading innovator in the employer-sponsored healthcare sector providing Advanced Transformational Care for on-site and shared-site health centers. By leveraging groundbreaking technology and comprehensive data sources for risk stratification, CareATC offers customized healthcare benefit solutions for employers. CareATC's Advanced Transformational Care is a comprehensive healthcare solution that drives engagement, improves health outcomes, lowers health care costs and provides transparency into the total cost of care.

## Why CareATC?

### Physician Model

Quality care with reduced referrals to the high cost specialists in the community.

### Patient Advocate

Social worker or RN to coordinate care beyond the clinic setting and facilitate management of community resources and referrals to specialized care.

### Patient Awareness and Outreach

Members are risk stratified utilizing historical claims data, clinical input, Johns Hopkins ACG score and AI for targeted outreach and engagement with the patient.

### Risk Sharing

Fees at risk tied towards impact of engaged members vs non engaged members:

- Healthcare spend
- Utilization comparisons
- HEDIS outcomes - HbA1c, Cholesterol and Blood Pressure

### National Presence

CareATC manages more than 165+ clients in 26+ states and cares for more than 300,000 patients.

## Ready to retake control of your healthcare costs?

- CareATC will conduct a feasibility analysis for an employer-sponsored health center for your member population at no charge.
- Feasibility results include cost, ROI, NPV and estimated breakeven point.
